Deputy Catherine Murphy,
Dáil Éireann, Leinster House,
Kildare Street, Dublin 2.

Dáil Question No: 184

To ask the Minister for Transport if he will provide a schedule of locations at which 23 noise measuring systems will be located by the DAA as directed by the Airport Noise Competent Authority; the projected annual cost of each installation per location; and if he and or his officials engaged with or consulted with either the DAA and or the ANCA in respect of the measures.

Dear Deputy Murphy,

Thank you for your query.

Please find attached locations and status update on all 23 agreed noise monitoring locations. 19 fixed noise monitors have been installed to date. There are also two portable NMT's with another planned.

The cost to install each fixed monitor is approximately €100,000 (incl. Legal fees/Planning/Design/Build & Equipment). There is an annual running and maintenance cost once installed of approximately €1,500 per monitor.

Kind regards,

A handwritten signature in black ink, appearing to be 'Des O'Connor', written in a cursive style.

Des O'Connor,
daa plc
